My papa was the best grandfather anyone could ask for. He was kind, generous, funny, and patient with me and my brother. It's been a rough 2 months without him. But I know he's home now. He's healed now. I miss you papa. <3

He was a kind gentleman that was always there to support everyone
I loved that smile he had
When he called he somehow knew I needed to talk and to here from them both
You will always be in my prayers and heart
Love you

My impression of Harold is that he never met a stranger and always had a smile on his face and a kind remark or humorous joke. He will be missed.
