“ Jerry will forever remain in my heart for his generosity and commitment to the Unitarian Church in Charleston. He handled the "fireside service" that covered the New Year time period for many, many years, a task requiring serious dedication, with a great deal of good humor. He had some very interesting things to say about politics, too! He, and his wife Sue, were most definitely pillars of the church and kept it standing through some very lean times. We will continue to miss him.

“ We have wonderful memories working with Gerry. Jerome and I both worked with him through the many names of Westvaco. He always told the young men to use lotion so their faces would look good as they aged and he was right. Whether it was work or being welcomed into their home, Gerry and Susan were gracious and caring. Steven and Scott, he was so proud of you, even when we talked about Fred Sabback. Please accept our sincere condolences as you allow friends and family share memories and surround you with love. God bless you.
