“ What I'll miss most about Mikey is that carefree smile of his. And, no matter how tough life may of been for him, he always showed that smile to let everyone know that he had everything under control. Even though you're at a better place, we miss you dearly, Mikey and we all love you very much!

“ Dear Mikey,

I'm still in denial of what had happened, still thinking I haven't woke up from a nightmare. I always had faith in you that you would return safely but in reality you are really gone but NEVER from my/our heart. I remembered those times I have slept over your grandma's house over a month and that very first day, the first thing you said to me was "You again, why are you here?!" We fight over James's computer, the bathroom, and food like little children everyday then busted on your big brother Joe, dirty feet and crispy toes. I have never thought I would have to write a farewell, a goodbye message to you in my life. I know you're in a better place now watching over us and want us to stay strong for you. So please don't worry we will watch over each other and support one another because we ARE one big whole FAMILY. Rest In Paradise. my little lovely cousin, you will ALWAYS be MISSED, LOVED, AND REMEMBERED.

“ In the mists of all your troubled life, you know the Phomma family loves you. Grandma loves you dearly. I am proud of you for taking the steps to move to SC in hoping to build a life. It was a dream you had envisioned for yourself and you took action. You, are doer and I will always be proud of you. It is not easy to idealized a dream and make it come true but you tried. Therefore, your mission is accomplished, so suffer no more my dearest nephew. It is time to stop struggling and rest in peace! We will always live and miss you always.
