“ I have many memories of Barry but the one that stands out is the first time I ever went fishing. Barry took me carp fishing and I caught my first fish at 5 yrs old with him. A 7lb carp on a cornel of corn. Barry was so excited I caught the big fish that day and I've loved to fish since then. May God hold you in his arms Barry. He was a jolly and kind man. God Bless! I reconnected with my cousin Barry a few years ago after not seeing or talking with him in almost 50 years. I am so fortunate to have come to know him again and be with him several times in the last few years. I will miss Barry !!
