“ I worked with Carl at ABC Chemicals. He was a Patriot having served in the Air Force in Vietnam. He was the epitome of a Fighter Pilot American Hero. He flew our Emergency Response Team to Louisville, Ky. It was during an Air Traffic Controller Strike .Weather was terrible with severe thunderstorms. Through it all he was cool and confident frequently having to de-ice the wings. I was in the co-pilot seat.He was awesome.A great friend. TIM FOSTER

“ Neighbor, friend and associate Carl was a man of limitless talent, consistent discipline and deep character. Whether repairing a lawn mower or flying second seat watching him control the airplane his interest and attention was the same, focused and intentional.

The many hours spent in conversation made clear that Carl was a man who left this world better than he found it. Chuck, Pattie and Kathy you know our thoughts are with you on this day even though the virus keeps us close to home.

“ Carl was like a second father to me after my Dad passed at an early age. We shared the same birthday, went to the same college and our birth years ended in double digits..his 33, mine 66...He will be missed, but is in a much better place. Thank You for all your help when I first moved down south and of course for your wonderful daughter Patty...God bless you.....Love, John
