“ I just learned of Danny's passing...through YouTube, no less. I think he would have liked the exposure in that media. I had the privilege and pleasure of working with Danny many times over the years, especially in the 90s into the 2000s. The last time was probably around 2018 on some Ronnie Gossett UCW shows in Georgia. I would be the ring announcer and Danny would always ask me to do commentary with him on the matches. We would exchange our goodbyes a d part ways then a few weeks later I would receive a package in the mail if the tape from that show. My fondest memory was of a Carolina Championship Wrestling show in Gaffney SC promoted by Tony Hunter which pit Dusty Rhodes against Terry Funk. During the course of the match Terry Funk called for the microphone. While handing it to him, he dragged me into the ring and commenced to kick on me. Danny, in his excitable fashion, yells, "He's beating up Ralph Harkey!" He even made me famous that evening. Godspeed, Danny. We'll call another one together when we meet again. RIP💔

“ To dannys brother and family yu all just dont understand how much he was loved. He made an impact on many lives and he did love the lord. Wrestling was his life and legacy. That was something to be proud of. Many people dont begin to leave a legacy and life with friends as danny did. It was a blessing to know danny and have had the privilege to know him and hang out with him. He was a blessing to this world and we were so proud of him. It will be such a loss with him gone but....it will be heavens gain. We will all meet up again Danny . we love yu very much. Know that.
