“ Today I learned of the unfortunate and untimely death of your son and my friend Danny. There are no words to describe the utter grief that I am feeling right now, and I cannot possibly imagine the shock and sorrow that has been thrust on your family as well.

I will always remember fondly the experiences he and I had riding our bikes, visiting his Grandpa Floyd and Grandma Lucille, fishing down at the old fish pond, and hanging out together down at the old watermill on Davis Road. It is true that he was taken from us too soon, and I think you share my sentiment that it feels a little unfair that such a smart and talented young man's life has ended with so much living left to do. It is my firm belief that bad things that happen to good people serve a greater good, and Danny's death will, I believe, teach us all something if we only let ourselves be taught. Right now, we all are trudging through the mourning process, but with support from friends and family, I think we can find ourselves whole again.

During this difficult time for your family, I would like to extend a helping hand if you will have it. I think of you two as a second family for me, so please don't hesitate to call me (828-657-6465) for any reason. Please accept my sincerest condolences and know that I am here with you through it all if you need me.

Yours in mutual grief,
