“ Dear Williams Family ,

I had the opportunity to work with Debra for a number of years at Spartanburg Regional . She was one of the best nurses that I ever worked with ! Debra was extremely professional and caring. She always brought a spark to the section of interventional radiology and I was disappointed when she took her talents elsewhere.

One of my favorite topics to discuss with her was her (and I hope I have this correct ?!) former wielding career ! I used to have fun asking her about about the different techniques involved.

I am so sorry for your loss and we will keep Debra and your family in our prayers.

My deepest condolences ,

Kyran Dowling
