“ I’m sorry that this is so late but I just found out about Donny. Donny was a true friend. He was our first mechanic when my wife and I move here in 2000, and was our only mechanic. I spent a lot of time at the shop talking with Donny. Being a yankee we had a lot in common. Donny spent a lot of time with my son Chris Who he called boy. Chris liked Donny a lot, he respected him, cause Chris could never get anything over on Donny Donny always called him out on things until he got the truth out of Chris. I liked that cause when I would talk to Donny he would fill me in. Donny and I would talk for hours telling stories and Discussing life’s problems, then It got deep. When I lost my son and Donny came to the funeral home and I could tell how much my son ment to him when I saw the tears in his eyes. But now he is with Chris dragging the truth out of him again. Love you Donny and will miss my day spent at the shop telling stories and listening about corporate America.
Till we meet again my friend!

“ I am so sorry to hear of this. Donny was a very good friend! We met when he first came here, and he started working at Bradshaw Olds/Cadillac (as it was called then) where I already worked. Then we both quit about the same time, to open our own businesses, and we did work for each other, all through the years. He was as trustworthy and reliable as one could be! Always as generous as one could possibly be!
Donny will be so missed! He and I recently had some great conversations. They will always be a treasure, in my mind. I can hear him still!
The last time we spoke, I left and we were laughing. That's the Donny I'll always remember. He was such a grand friend. I love you brother!
