“ Dear Christine, BoDean, Jewell and all friends and family. May God be with you each and every hour and day ahead providing grace, mercy, peace, love, discernment, and your every need.

Harley will be greatly missed. His smile was contagious and could light up a room. I always enjoyed seeing him at church and worshipping at Hopewell Independent Baptist Church. He would look over at the piano, giving me a smile while Christine always comes to the piano and gives me a hug.

Harley was a source of strength for his wife, children, family and friends. He enjoyed farming and tilling the land. He taught his family about teamwork and its' necessity for a happy family and life.

BoDean and Jewell have a responsibility now to help their mother, and to make Harley and their Heavenly Father proud.

Harley accepted Jesus. We, as Christians, can be assured that we will meet Harley, DanYale, and other family and friends in Heaven, as we meet God, our Heavenly Father.

It will be hard, but remember that Jesus is always with each of us. Jesus never fails. Jesus never leaves. Lean on Jesus. He knows all of your needs.

If there is someone who needs salvation, may this be the time. God is no respecter of persons. Salvation is available to all.

*With love and prayers,
Tonya Sabrina Mitchell and Brian Lee Pace*

“ Harley and Greg both have left us to soon. Have so many many unforgettable and crazy memories thru all the years we have known one another. All the freedom weekend a float we attended had much fun even when it would flood us out. I can still see you riding that motorcycle with the big EDR on the tank. We were 14 yrs old maybe. Many folks didn't get to ride the ole Harley but I got to stay on it about all weekend. Going to the lake taking both our boats and families and having such great times. Laughed until we cried over things happening around us. Kristine was a big blessing in your life I know he loved her with all his heart. I was to be part of you two wedding..and spent the time in hospital instead because I crashed my pick up truck. Neither of you were ever mad about that either. Y'all were my family spent more time at yalls house than I did my own. Harley you are truly missed brother you and Greg both. Y'all were my family. Tell Greg hello for me I was away and missed him. I will never forget you brother! I'm sure I'll be right behind you guys. RIP HARLEY your legacy will never die. What you left here on the people who really knew you is amazing! Love you brothers! Your lifelong brother TONY STONELL.
