“ Dear Anthony and Tabatha, I just read Floyd's obit and lots of memories rushed through my mind. He was a dear friend and Ed loved him like a brother. I wish I had a picture of Ed, Floyd and Cater as I remember them. They were classic men and I will always cherish my memories of them. You all should stop by to visit me anytime. I am mostly here at the house and delighted to visit with good friends. I love you both. Ms. Judy
