“ when I think of Roger..music and kindness are at the top of the list..Man he could play some great music and sing I was blessed having him as my uncle didn't need a ticket to hear him play all you had to do was show up and listen. I can remember him locking me in the figure 4 once lol thought It would hurt but nah he was gentle enough not to hurt me...he pretended I got loose and let me pin him..thats just Roger being himself..thought of others before himself...I'm really gonna miss you wish I had seen more of you over the years. Love you..
