“ Thank you Jeff for many many years of memories. I'll never forget all the adventures we experienced together. We sure had tons of fun. Proud and glad to call you my friend. And yes Jeff, I do remember that UFO in your parents driveway. I'll see you in the afterlife my friend. Always your friend, Nelson

“ My brother Jeff was an awesome brother. I remember riding around in a field car across from our house with Jeff driving like his butt was on fire. He would do donuts and drive around the track. Boy what fun that was and a little scary. Jeff was the one responsible for teaching me how to ride a bike for the 1st time. I also remember lying on the couch when I had the flu and only wanting my brother Jeff. I spent a lot of time with Jeff and his family growing up and even lived with him at one time. Jeff was always there when you needed some carpentry work done. He was a great carpenter and knew this skill very well. We put a double wide on our property and needed stairs built from the basement to enter the house, Jeff was there to build and install them. Every time I use these stairs I am reminded of by dear brother. You will never be forgotten. Til we meet again dear brother R. I. P. Love your sister, Penny
