Oh, I can hear her laughter and everyone of those pictures where she's smiling!... And a smile, I will forever miss that smile, and her voice! I never knew how it felt to have a soulmate, someone so much like yourself that understood you, that didn't judge you, and always showed you how much she cared about you. But after having Jennifer in my life for almost 30 years and now I know what it's like to feel to have a soulmate because she was mine and I could not have been blessed with a better one. There is a special place in my heart that nobody will ever fill, or come close to being who she was to me. But it's not always thicker than water because Jennifer couldn't have been more family to me than anybody. I love you, Jennifer I will forever miss you and never forget you. And always be grateful that you were my one, my other half and my." sister from another mister" as you always told me! Go rest now you're out of pain, so please watch over me because I'll need you still & forever. Love, Stephanie.
