“ I've only known Jimmie for a few years through his grandson Allen but I watched him help anyone in his family who needed it and would tell you just like it is. He was a great and loving man to many people and I wish I could have known him longer.

“ Rhonda, Gayla, and Renee, I'm so sorry for the loss of your dad. I recall lots of memories, going all the way back to when we all worked at Kingspoint Knitting Mill. Jimmy and I thought the world of all of y'all. Jimmy used to say your dad taught him a lotta things he'd never forget. I lost Jimmy back in October. So I know how it feels to loose someone so close to you. Let God wrap his arms around y'all and take comfort that he will ease your pain. Praying for you all.

*I didn't know about Uncle Jimmy until today, Feb. 13th. I hate that our family has drifted so far apart that we don't know when a relative passes away. RIP Uncle Jimmy.*

“ I remember Jimmie from going to flea market and bought a birdhouse from him and some produce years ago. I used to live in same park as Gramny and Pa Huss and would see him there when he came to visit his mama and daddy. He is also my Uncle Dub's brother (Bill). Rhonda, Janice, Sue and Cathy are my cousins. Uncle Dub married my Mothers sister Julia. Please accept my deepest sympathy in your loss. I always liked Jimmie and had met all the brothers and sisters when they were at Ruth's house. Take care and lifting each of you up in prayer. Nancy Taylor Rollins
