“ I still remember John in Germany with me on a very difficult job. John's sense of humor helped us all get through this job and had a pretty good time also. John even picked up a stint from all the stress on the job. What a great friend and I will miss talking to him. His chuckle will always be with me. I wish I could have been here to see your special family but I was out of town in Virginia near John's family farm we stayed at on the way back from Rhode Island. (another jobsite we shared an apartment together with Leon Wells and my new lab pup for a week) (another story to go along with the many we had on jobsites around the world) Going to miss you John!! But I know you are in the right place.

“ I will always remember the Father of my CLOSE friend. He was soooo much like my Dad who had passed when I was only 13. I have met few men, that could live up to MY Dad's commitment and LOVE for God, the Church, and his family! However, John Charlton was one of them, and I will be forever grateful to God for bringing Tami and her family into my life, at the perfect time for me!
