“ I worked with Pat at Gloenco for a few years, well up in NH. We had lots of interesting stories about many non-work topics. Lots of fun. He was a good guy. I hope that you all find peace in the many moments you shared throughout his life.

“ I have so many pleasant memories of Pat - both professionally and liesure moments. We two twenty-something year old "kids" in my den playing Atari video games. We also bowled together and just hung out together a lot. I was a machinist and Pat was an engineer at what at that time was either Torrington or Ingersol-Rand. He was always a pleasure to work with and he was really good at what he did. We named him our daughter Alexis' godfather, so that should let you know how much we thought of him. He and I lost contact probably thirty years or so ago, but I would often think of him from time to time. Cindy may or may not remember me and I never had the pleasure of meeting his daughter but we want to extend our deepest condolences to the entire family. We know you are going to miss him tremendously!

I will always remember Pat's sweet smile. He always put his friends first. He was more like a big brother to me. I got to talk with Him a few months ago. He was trying to comfort me instead of me comforting him. I will always be thankful to have reminest with him. We cried and talk about old days and what we both had gone through. Rest In Peace my Friend. Will see you later. Bethany, your dad was so proud of you. We came to hospital when you were born. Pat was so excited. Cindy I am so sorry for your loss. I will keep you in my prayers. If you need someone to talk to. Message me.

“ *Pat was remarkable in his journey on this earth. He had a great mind. Loved remembering special memories and sharing them. Loved sharing his knowledge about guns and cooking —an odd mix. But near the end and best of all, he loved sharing how much God had blessed him with family and good friends and faith in Him. We all are going to miss you, Pat.*♥♥
