“ Dear Brother John, the light you brought into our life still illuminates our path despite the fact that you are no longer with us. This is how wonderful you were in our lives. I say thank you for all the immense happiness you brought into my heart during your brief stay here on earth

Death can only take you away from us, but it can never take the precious bond and memories we made together. Dear friend, wishing you floods of happiness in heaven

We had wonderful experiences during your precious life on earth. Those memories with you will never fade away because they are our most treasured possession.

So many memories flood my mind as I think back about our time together. Times we'd go to the drive-in theater and once we got the snacks you'd be fast asleep! Times I helped you work on your care and mostly remember you telling me all the time how to do each step. The surprise look on your face (so precious) when I gave your son for his birthday a live mallard duck. And, just one more, the time we gathered with several of the family members at a restaurant and when the food was delivered you carefully directed the waitress as to the standard of just how meat should be cooked and the how best color of the meat

In the middle may not and should not be necessarily red. (Probably never or something like that).

Brother John you will truly be missed but never forgotten by Your Sister Cindy and I.

...again missing you already!

I know that one day soon we will all be together again when Jesus comes to take us all home and what a Glorious and Wonderful Day that will be. I Love You and I Miss you more than words could ever say. R.I.P. Until we meet again!❤️❤️❤️❤️❤️❤️❤️❤️❤️❤️

“ I was remembering when I was just a little girl and you'd sit me on your lap, hold up both hands and teach me to punch your hands. You were talking to Mama and turned your head and put down your hands just as I threw a punch. I hit you right in the jaw. I thought you'd be so mad, you looked shocked, but then you started laughing. You said "Good punch, now don't do that again!" You taught me to throw and catch a baseball. You had "Rockin' Robin" painted on your car. You told me you'd give me a dollar for every A I got in school one year. I never got my 15.00 dollars. You said you'd rather owe it to me than cheat me out of it. Your famous saying.

You were concerned when Jan and I drove cross country to Oregon and California. You kept calling to see if we were ok. When you started losing your memory, I asked you if you remembered me, you said, "Of course I remember you, how could I forget you?" Well I will never forget you Big Brother John! You are always Loved and always remembered!! R.I.P. till Jesus comes!! See you on that Glorious day!! Love, your Baby Sister, Robin Jill

“ *Uncle John, I remember when I was a girl when you would come and visit. You always presented yourself as a strong, independent, capable, stubborn man. It seemed like you were never afraid to push yourself to do anything you put your mind to do. I admired you for your courage and fearlessness! You were never afraid to voice your opinion. There were glimpses that I saw your tender heart. You will be missed! I am looking forward to the day we meet again in heaven. R.I.P. I love you Uncle John! Love, Amie Jill*
