“ *I will also remember her as a strong woman. A true fighter. She was a mother figure to me and treated my boys like her own. She always would smile no matter how bad she felt. I wish I would have have talked to her more or seen her before all this. A great woman, friend, mother. I was lucky to have met her. After every phone call we would also tell each other that we loved each other. My heart hurts cause my angel is gone. Rest easy mama for there is no more pain. Love you dearly sweetie.*

Remebering one of the best women I've had the privilege to know ...definitely a great loss to soon. I hope and pray for all of her family and friends will find comfort and peace with her passing so very soon. Our hearts hurt now but find peace to know she is not hurting any more. Her strong love will always be with us who knew that of her innermost strength. God speed my dear friend in spirit. Aloha oie until we meet again!

Sweet beautiful Maria & only met her last July when I began working at Amazon... she was one of three that trained me but little did I know I gain a true friend , a true friendship that connected very fast cn how we had fun! She was tough but loyal employee for Amazon .

I so happy & blessed that I met her. A special friend welcomed to Amazon & to SC. We got closer talking everyday once she got very sick & having too much pain.

She always said to me I just want to have fun too, ya know?

She was a good person & my heart hurts losing her.

But I know she blessed in unimaginable ways that we never experience here!

I know she having fun & free from hurt pain n sickness!

I love you friend & Ill pray for you often. our friendship was short but very close. . Domer's courage has been so strong & loving for Maria. I pray for his loss & her mother & family for healing & find ways to cope with their loss too.

Rest In Peace with all angels & be in the arms of Jesus where I know you find great comfort!

Im so sad that you left us to young but we all know you looking down on all who loved you!

Rest In Peace! I miss you so much.

Maria was and still is, my wonderful friend, the friend I will never forget, the friend who brought good changes in my life while we were working at Amazon. She is an example of caring, helping and communicating.

Maria, I miss you, love you and remember you!
