

Marshall Mechanik

November 27, 1942 - August 3, 2025

Pacolet, SC – Marshall Mechanik, 82, passed away August 3, 2025.

Marshall was a quiet, kind man who lived life on his own terms. He owned a small farm where he raised horses and cattle, and grew fruits and vegetables in his garden. A firm believer in living organically, he found peace in nature and had a deep respect for the land.

After a career in accounting, Marshall became a skilled watch repairman, a craft that suited his thoughtful and meticulous nature. He was incredibly intelligent and had a deep love for learning, often sharing bits of knowledge with those around him.

He adored his dog Whitey, who was his loyal companion and spoiled passenger on daily trips to McDonald's.

Marshall kept much of his life private and held many stories close. He will be remembered gently, for the quiet strength he carried and the life he built for himself.

“ Marshal was a good man. He was my buddy we did watch repair together traded bought old to new watches. He taught me some stuff I didn't know and I taught him a few things also. We saw each other every week or every 2 weeks from 2017 to about 2 months before his passing. Last time I saw him he came to visit me at the King's Mountain NC flea market and told me he had been in an accident that someone ran him over in Walmart parking lot months ago and he didn't look too good he had his dog Whitey with him I knew his dog since the day he got him and he was a puppy his dog and my dog would play together when he came to my house he will be missed and he had a good heart I remember one time like 5 years ago he came to see me at the Chesnee flea market and he had bought a bag of tomatoes and this guy walked up to my table and picked up his bag and Marshal told the man they were his and the guy started to hit him and fight him. I stopped the man and protected Marshal from this guy. He was thankful. I told him nobody is going to be putting their hands on you. You're my buddy. We shared a close bond I'm going to miss him coming to see me and the stuff we shared and good conversation I also would like to find his dog and adopt him. The white pit bull Whitey. If anyone has any info on where he is please text my phone. 980 375 9750 Robert. B. AKA Tictoc. Thanks.
