“ Merle was a person that grew on you quickly because he was such a great guy. I used to see him reading his paper or building his bird houses and feeders in his garage. I would go and talk with him regularly. We always had good conversations that were full of laughter. He was a very encouraging person that would always be uplifting when you needed it. Merle was very proud of his children and spoke of them frequently. He was a good friend whose memory I will always cherish. I will miss him very much now that he belongs to the ages.

I extend my sincerest and deepest sympathies to Marie and his family for their loss.

*Kindest Regards,
Les*
