“ My deepest sympathies extend to Nicole, Kai, Emma, & Nevada Hayward, with a heartfelt prayer that the love shared Ethen will bring solace and peace to their hearts during this challenging time. May the strength of their familiar bond provide comfort & healing in the face of their loss. I carry profound sorrow alongside my wife Lisa, mourning the loss of her first son Nickous. I acknowledge my personal failures as a man, deeply regretting the missed opportunities to reconcile & make amends... My grief also encompasses the living family members: Brandon, Zenobia, & Markia who are mourning the loss of a brother who became a beacon of light, illuminating the profound love of having a stepson. Cherished memories flood my mind, our countless moments together, both individually and as family. I fondly recall our adventurous bike rides through the woods, the excitement of preparing game-day wedges for the Super Bowl, or making late-night hamburgers while watching a movie or playing Video games. The times we would cookout on the balcony or go swimming as a family... To the Christmasses we shared and the blessings given to me to witness the love of family while presents were being opened. For the memories of amusement parks, lighting fireworks, to having the pleasure to teach Nick how to drive- these experiences transcend the notion of being stepson or dad. Each memory is a precious testament to our unconditional love & connection that I will forever treasure in the Lords loving light. My love for Nick & family retetnal with fait that love endures, Rest in peace son.
