“ Dear Betty and Matthew,

I was so sad to hear of Polly's passing from my daddy. Polly has such a fond place amid my childhood memories. I can still remember running around her yard with Matthew when we were children, and coming inside on hot summer days to have sweet tea and watch cartoons. My favorite memory was eating Polly's home cooked food and hanging out with all her Pomeranians.

Your families are in my thoughts and prayers.

*Much love,

“ Dear Betty and family:

I was so saddened to learn of Polly's passing just a few hours ago.

I thought the world of Polly ever since I was a boy in Needmore.

Polly was always good humored and positive with a great laugh. I can see and hear her laughing now.

I wish I could make one more pot of soup beans for her

Love to all
