“ Rick was always upbeat and nice even when he felt bad. He was a good friend of my son. Now, they are together again. My condolences, with love to the family for the path of grief and missing him so much. May God bless with you all with comfort of divine love.

“ I met rick when I was 17 years old he spoke with me about the Bible back then over the years I lost touch with him and Diane. Last year I came back into the picture and he accepted me into the family. Past few months he was nice enough to give me and billy a place to sleep a few nights. He is a good man and I seen him suffer so much. Even though we are going to miss him so very much. I'm glad he isn't suffering anymore. The last memory I have of him he wasn't doing so well and had me sitting there about to burst into laughter over t.v remotes. That's the last time I seen him three months ago and even though he was in horrible pain he still made jokes. I know he is in a better place and watching over us all. By body he won't be at our wedding but by spirit I know that he will be right there beside mom. Rick you will be missed and we love you so much.
