“ I 🍷 be sending 🌍 of love from Florida to RJ Raymond and the rest of my second family from Claremont, NH as they celebrate the life of Ronnie Honney. I spent almost as much of my childhood at their home on Green Mountain as we did at my house. 🏡🌄

*I have vivid memories of being squished in the back window when we were treated to rides in the Corvette Stingray and it feels like I spent every Saturday night of my adolescence with "Mr Honney" in the pits of Claremont International Speedway serving coffee and hot dogs to drivers and their crew. 🏎️🚩*

*I always made a point of stopping in whenever I went back to Claremont and felt like such a grown-up when I was told it was okay to call them Ronnie and Joan! 🤔🤔*

*My old stomping ground hasn't been the same since they moved away and definitely won't be the same now that Ronnie is gone. I wish I could be with everyone gathering today to share memories and pay tribute!*

“ Our deep condolences to Joan and Ron’s family. We are very saddened by this news of Ron’s passing. He was a former neighbor and a dear friend whom we visited two years ago in his Spartansburg home. He and Joan are wonderful hosts and welcomed us with open arms during our brief visit. We will miss Ron.
