“ To Grandpa,

*I miss you very much. You were always able to put a smile on my face with your jokes, and just like Chandler, your french toast was always worth getting up early for. It is now one of my favorite desserts to make (I always add extra butter like you did). Thank you for letting me use your clubhouse pool late at night, I was always quiet!!*

*Love,  
Alec*

“ Dearest Dad in law

*I'll treasure our quality times together ever since Joel introduced me to you and mom when he proposed on the Naples Pier over 30 years ago.*

*You prepared tasty meals and treated us to meals out. You kept me on my ballerina toes to get ready fast for early bird dinners out and if I wanted dessert ( which is always ) I had to eat fast.*

*We enjoyed neighborhood walks and you always knew the names of the blooming shrubs, flowers and various trees.*

*So grateful for your friendship with my parents and you are now with my angel dad.*

*Thank you for all your visits to celebrate your VA grandson's special occasions from birth to graduation.*

*Also glad we could enjoy time together in SC when you moved from Naples and we moved from Virginia.*

*Wonderful memories shared. Love you lots*

“ My memories of my brother will forever stay with me. He will always be in my heart. ❤️. He was most influential in my life. His advice was always taken even if it didn't seem right at that time. When I got older his friendship became stronger and I was not the baby sister anymore. I will miss him more than anyone would ever know. I know he is a better place looking down at his family and I and still will be guiding me in the right direction. RIP 🙏💕

I have very fond memories of my Uncle "Buddy". He'd come over to help my mom, his sister Dorothy. Played with me and took me for walks in the carriage. My mom told me he also helped her wash the diapers and hang the out to dry. Later as an adult he gave my husband and I advice. My husband admired him as well. I'm sorry I wasn't able to spend more time with him a free he moved to FI. Thanks Uncle Bud for passing your crypts you had up here down to Ed & I. Ed's already making good use of one. Hopefully you two guys will meet again!❤️🙏

*For several years prior to 2023, my wife Cassy and I spent parts of our winters on Sanibel Island, and we always made a point of having dinner with Bud and Margaret in Naples. We reminisced about years gone by, tried to remember where family members were living and what they were doing, told stories (most likely, repeats from past years!), and just generally had a lot of laughs, topped off with a piece of pie or cake and a cup of coffee around their dining table. They were good people and we will miss them.*

*Margaret was sister to our mother, Lois Norris Crouse. Although we didn't see a lot of them. We talked and exchanged some communications, especially during the holidays. Seems life and commitments have a way of expanding distance and time. Joel, Jerry, we're sorry for the physical loss of your parents, but everyone we have spoken to think it's beautiful that they passed together.
