“ Tammy and I worked together several years at BMW, many wonderful memories, All the many T-Car drives going all over the place, she would lead us most of the times because she knew all the coolest places to visit. She was a dear friend, she loved and cared for everyone. She loved Jesus, she loved her family so much, we laughed, cried, prayed together. Blessed to call her my friend. Praying for her family. “ Love and Prayers for this Family. Tammy and I went to school together and had many laughs and so much fun. Tammy was such a sweet person. She always had a smile and kind word for everyone she met. I'm glad I had the pleasure of knowing her. I'm so glad I also had the pleasure of running into her again not to long ago at an event at Ship Wreck Cove. It was so good seeing her and she told me about what she had been going through. This broke my heart then and even more when I got the news of her passing. My sweet friend may you Rest In Peace with no more pain. Until we meet again, Love and Hugs.

“ We went to the Prom together twice! She tried so hard to teach me the Hustle, I couldn't get it right, we practiced for months. I think not learning that dance was just a reason to spend more time with her, lol

My Earliest memory is Sunday School and Church when we were so little, then 12 years of school together! We were in the Brown Box for all the cool concerts, Kool and The Gang, Black Oak, Brownsville Station and so many more. We were at the Lynard Skynard show the night before the plane went down, in the swamp! We were like brother and sister for a lot of years, and I cherish every precious memory. Brady took me Golfing, Betty was the sweetest person, even if you slid down the post on the front porch, she still loved me. Tammy was the most fun and best friend anyone could ever ask for in life!

One of the scariest things I ever witnessed was her wrecking the Green convertible 1965 Mustang. I was following her, we were crossing over Hwy 29 at Dobsons hardware.

She Pulled out in front of a pickup, and destroyed the beautiful little car. I was so scared she was going to go be with Jesus that day, but never even got a scratch.

No one could ask for a better, number 1 best female friend in their life than Tammy! Most of our adventures are not safe for public info, lol

We grew up children of the 60's and 70's, and Made the best of our wonderful life in little old Duncan. Yea, I had to pay my first traffic ticket to Betty Joe at the Duncan City hall.

I have to ask, did you ever see Brady throw a football, underhanded? Wow

I loved her then, and that feeling never left me. Last time we were together, we went to M.J.'s and sang Karaoke. She said all these years, I never knew you could sing, lol

I don't that well. I have a hundred great memories in my head right now, but you know what? They are all such good ones from our past.

Much love and healing to the family, will be up to see you someday in Heaven. Then we can try that dance thing again, lol

“ *Tammy was my cousin who might have wonderful and precious childhood memories with I spent lots of time at her home when we were young and her and I along with Aunt Betty Jo and Uncle Brady would stay up half the night playing Monopoly we always had the best time we also made tents in the front yard with sheets and blankets over chairs. Through the years we lost touch but I thought about her so often. I always loved her and I can still hear her saying my name she had her own special way of saying Gigi she would say gidge(rhymed with fridge) I will never forget. I know without a doubt she is with Jesus and I will see her again one day and we will catch up❤️ Gigi Abercrombie Davis*

“ Worked with Tammy on the line at BMW. And then we found out that she lived just around the corner from where I lived in Duncan. Always invited me over and had open arms and a smile on her face. I’ll always remember her sweet, sweet self. Thanks for always being so kind and much love to her family and friends during this time.

This Chick right here. We worked at BMW together, we laughed together, got in trouble together, and shared the love of God together. We shared talks of our kids and grandchildren, whom she loved with every inch of her being. I love you Tam and I'm grateful that our paths crossed. Rest easy My friend
