“ My family was blessed to have Taylor live with us for a few months when she attended Mayo Elem. When we would ride down the road, if a volkswagen (aka a doodlebug) passed by, she would punch me SO HARD and yell Punch Bug! Then, laugh out loud at my pain. She was a lot of fun to have around!

Another funny memory I have is when we passed a small vehicle on the road, she would say "Look at that "wannabe". She would say he wannabe a big car. LOL

She was fun and always happy!

I'm sorry for the family. May God Bless You! Vickie West

“ I met Taylor with her mom at my studio last year. It was such a pleasure to meet her! She was such a sweet, respectful and imaginative person. Her taste in music was phenomenal and eventhough a bit shy, she had a bright and infectious smile! I had the honor of permanently decorationg both her and her mother with matching tattoos of blue roses that day. I didn't know Taylor well, but just in the short amount of time I spent with the both of them, I could tell their relationship was so special and so very close. Taylor's soul was kind, I could tell that just from our brief encounter, she was a bright spot in my day! I was grateful to be part of a personal and happy experience between the two of them. My thoughts and prayers are with the family and this time.
