“ Beth, you and your family remain in my prayers daily. Tim was fun to be around and joke with (he always had more and better ones than me). I went to him with questions about how better to help my students with basic math that they had to use in my map labs, and he was always helpful. We enjoyed trading "war stories" (classroom happenings). I miss his booming voice from his classroom (door always open) and his infectious laugh. Looking forward to seeing him for eternity some day when "the roll is called up yonder..."

“ Tim was one of my favorite Work Study supervisors. He always had a joke to share and a smile on his face, and he created the best time sheet for the Work Study program. He also did everything he could to help my son succeed at NGU. I know he will be greatly missed. My heart goes out to the family and they will remain in my prayers.

“ I had the pleasure of having Mr. Ross as a Professor. He was so kind and funny and genuinely cared for all of this students. He was always happy and has a smile on his face and lit up a room. He had a great life and I’m so glad he lived a life he was proud of. He loved the Lord more than anything and I am so happy he is now with him

“ Tim had such an impact at North Greenville University among our faculty, staff, and especially our students. He loved the Lord with all his heart, mind, soul, and strength. It was his goal to help all of his students succeed at NGU and in life. He's smile was contagious as well as the sparkle in his eyes. He was a great friend to me. I never saw Tim when he failed to make me laugh. He was always such an encourager. Our prayers are with Beth and all the family.
